**Re: BNI's Business Booster Series**

BNI's Business Booster Series offers 2+ webinars each week designed to support Members with business continuity tips and personal & professional connectivity. This program is draft and will evolve and improve over time to better serve your needs.

Over the course of the program, BNI's Global Support Team will host 50-minute webinars open to all BNI Members globally. We'll have 30 minutes of presentation followed by 20 minutes of open Q&A for those on the line to interact directly with the presenter. The presentation sections of these webinars will be recorded and made available to all BNI Members on BNI U. Live participation registrations space is limited, so be sure to register early for the sessions you'd like to attend using the links below.

Content is curated to aid Member engagement and help you get the most out of your BNI Membership as Chapter meetings have moved to the bni online™ format. Topics will range from BNI-specific content leveraging online platforms to general business management tips and guidance on sustaining business during this time for our professional community of BNI Members.

Effective May 4<sup>th</sup>, 2020, we opened up the live webinars to all BNI Members & Directors as well as to "Friends of BNI" – this group includes all of your colleagues, customers, team members, vendors, friends or family who may also benefit from this content.
